

Mount Vernon FOIL Request

On February 13, 2025, I have submitted a FOIL request to the city of Mount Vernon, New York. Below is my message to them and their response on March 3rd.

Initial Request

I am looking for records pertaining to the usage of restorative justice practices in an educational context, between the years 1990-2005. I am also looking for records pertaining to the type of accounting method the city budget utilizes, as well as a possible investment philosophy of how the city funds are invested. The same time period 1990-2005 would apply for the accounting method and investment documents. I would need an appointment on a Thursday to come in and inspect these records. Let me know if I need any ID documents for my appointment.

City of Mount Vernon Response

After having a clarification phone call on 2/19/2025, they have sent me the following response on 3/3/2025.

Dear Mr. Gajda,

Thank you for your recent FOIL request.

We have checked with our Finance Department, and there are no records responsive to your request.

We also have no records concerning your request *for records pertaining to the usage of restorative justice practices in an educational context, between the years 1990-2005*. Perhaps you can reach out to Westchester County Court.

Respectfully,
CMV FOIL Team
